What we love about Metsä is the carefully selected colour tones included for the minamilistic space with a playful atmosphere. This is a heavy wear tile, the selection of plain functional colourways.
What we like about Metsä is the carefully selected colour tones we included for the minamilistic space with a playful atmosphere. This is a heavy wear tile, the selection of colourways are ideal for hiding soil, making it suitable for a wide range of locations such as offices, communal spaces and meeting rooms.

- **Heavy Wear** – Metsä has a 10 year commercial wear guarantee and is 600 gr/m² which is designed to give excellent functionality in heavy wear areas
- **Design & Apperance** – With a colour palette of 9 colours to select from, giving you flexibility when designing your floor space.

**PERFORMANCE**

- **Use classification** : Class 33
- **Castor chair test** : EN 985 A, continues use
- **Thermal isolation** : ISO 8302 0.09 m² K/W
- **Dimensional stability** : ISO 2551 pass

**ELECTROSTATIC PROPERTIES**

- **Walk on test** : ISO 6356 -0.1 kV
- **Static loading** : Anti-static

**FLAME PROPERTIES**

- **Reaction to fire** : EN ISO 11925-2 Bfl-s1
- **Hot metal nut test** : BS 4790 Low Radius

**COLOUR FASTNESS PROPERTIES**

- **Light** : ISO 105 B02 > 5.0
- **Rubbing, dry** : ISO 105 X12 4.5
- **Rubbing, wet** : ISO 105 X12 5.0
- **Shampoo** : BS 1006 4.5
- **Water** : ISO 105 E01 5.0

**GENERAL**

- **Recommended maintenance** : Best results are obtained when cleaned with a dry shampoo method.
- **Pile direction** : Directional arrows are printed on the back of each tile. Best results are obtained when laid checkerboard or straight-lay.
- **Laying instructions** : Tiles require no underlay, nailing, gluing or sewing and may be laid loose on a flat, dry, non-slippery floor. When tiles are laid on parquet, vinyl or in open areas larger than 30 m² it is advisable to use double sided adhesive tape on every 8th raw or a tackifier.
